How many optical cable manufacturers are there in Barbados

Overview

We import high-quality products from internationally recognized manufacturers, including copper and fiber optic cables, patch panels, optical distribution frames, patch cords, outlets, racks, and...

Key Takeaways

Barbados currently has fiber optic service providers and distributors, but no widely recognized local manufacturers of active optical cables; international AOC manufacturers like Molex and Jiangsu NUSENS supply these products globally.

Local Companies and Fiber Optic Services

While Barbados does not appear to have dedicated AOC manufacturers, there are top cabling and fiber optics companies that provide installation, splicing, and network integration services: TELiCON Group: Partnered with Flow Barbados to deploy the first 100% fiber-to-the-home (FTTH) network in the Caribbean, handling over 10,000 km of fiber optic cable installation, splicing, and activation for residential and commercial customers. They also provide training and maintenance services and have executed similar projects in the Bahamas, Cayman Islands, and Jamaica. Other local cabling companies: Listings include verified companies located at Websters Industrial Park, Wildey, Saint Michael, and 94 Midsummer Dr., Husbands Terrace, Saint James, Barbados.

These companies primarily focus on fiber optic network infrastructure rather than manufacturing AOCs. Anixter Barbados: Supplies fiber optic cable assemblies, indoor/outdoor fiber optic cables, enclosures, panels, connectors, splices, and test equipment for high-performance network cabling solutions.

International Active Optical Cable Manufacturers

For actual AOC products, Barbados businesses typically rely on international suppliers. Some of the top global AOC manufacturers include: Molex, LLC: Offers high-performance AOCs optimized for short-range optical communications.

Jiangsu NUSENS Optic-

Electric Technology Co., Ltd: Specializes in optical fiber and active optical cable solutions.

Unitek

Fiber Solution: Provides AOCs for data centers and enterprise networks. These companies produce AOCs that integrate optical fibers with electrical circuits, providing high-speed data transmission, electromagnetic interference resistance, and space-efficient solutions suitable for enterprise and telecom applications.

Summary

Manufacturing: No known Barbados-based AOC manufacturers; local companies focus on fiber optic network services.

Suppliers/

Distributors: International manufacturers like Molex and Jiangsu NUSENS supply AOCs to the region. Services: TELiCON and other local firms provide installation, splicing, testing, and maintenance of fiber optic networks, which can integrate AOCs into local infrastructure. Businesses in Barbados seeking AOCs typically source from international manufacturers while leveraging local companies for installation and network integration.
