How much does fiber optic cable cost per meter in Burkina Faso

Overview

Discover the cost of fiber optic cable in this pricing guide. Learn material prices, installation factors, and what impacts total project costs overall.

Key Takeaways

Fiber optic cable in Burkina Faso is likely to cost between $0. 05 and $6 per meter, depending on type, fiber count, and construction. Estimated Price RangesSimplex/Duplex Indoor Cable: $0.

05 – $0. 30 per meter Single-mode Outdoor Cable: $0. 10 – $0.

50 per meter Multimode (OM1/OM2/OM3/OM4): $0. 10 – $0. 60 per meter Armored Cable (Steel Tape/FRP): $0.

30 – $6 per meter, depending on fiber count and protective features Aerial/Self-Supporting Cable: $0. 40 – $1. 50 per meter These prices reflect material costs only.

Installation, trenching, splicing, and connectors can significantly increase the total cost, sometimes adding $1–$3 per foot (≈$3–$10 per meter) for outdoor or complex installations.

Factors Affecting Cost

Fiber Count: Higher strand counts (e.g., 24-core, 96-core) increase the price proportionally. Cable Construction: Armored or direct-burial cables are more expensive than indoor riser-rated cables. Environmental Rating: Outdoor, UV-resistant, or flame-retardant jackets increase cost.

Import and Logistics: Burkina Faso imports fiber optic cables from countries like China, Vietnam, and Ukraine, which may add shipping, customs, and local handling fees. Brand and Quality: Premium glass fibers (e.g., Corning) cost more but offer lower attenuation and longer lifespan.

Practical Considerations

For residential or small-scale indoor networks, simplex or duplex cables at $0. 05–$0. 30 per meter are sufficient.

For long-distance outdoor or backbone installations, single-mode or armored cables at $0. 50–$6 per meter are recommended. Bulk purchases and direct import from manufacturers can reduce per-meter costs by 20–30% compared to retail prices.

In summary, while exact local prices in Burkina Faso vary by supplier and project specifications, planning budgets using a range of $0. 05 to $6 per meter for fiber optic cable is reasonable, with higher-end prices for armored, high-fiber-count, or outdoor-rated cables.
