288-core optical fiber cable junction box

Overview

The SC-H 288 Core Fiber Optic Splice Closure is an advanced solution cater to the diverse requirements of FTTA. This high-capacity closure facilitates the secure introduction, anchoring, and protection of cables while providing termination capabilities for household cables. It is waterproof and dust proof and suitable for outdoor aerial hanged, pole mounted, wall mounted, duct or buried application Working temperature -35ºC~70ºC, cold and heat resistance, electrical. Advanced internal structure design, thus fiber suffering no attenuation 2. The curved radius meets with international standard 5. Easy and fast to increase and reduce splice tray 6. GJS-25-8 fiber cable joint box belongs to the mechanical pressure sealing joint system, mainly used to splice and wire the fiber cables in the FTTx network project.
