Key Takeaways

Metal cable trays in Sierra Leone typically range from $2 to $25 per meter, depending on material, type, and order quantity.

Price Overview

The cost of metal cable trays varies based on material, type, size, and surface finish. Common materials include: Galvanized steel: Most common, durable, and cost-effective. Stainless steel: Corrosion-resistant, higher cost.

Aluminum: Lightweight and rust-proof, moderately priced. Wire mesh trays: Cheaper, suitable for lightweight wiring. Ladder trays: Higher cost, designed for heavy cable loads.

The average price per meter ranges from $2 to $25, with bulk orders often reducing the cost. Coatings like hot-dip galvanization (HDG) or powder coating can increase durability and price.
