9456 Fiber Optic Cable Cold Splicing Tool

Overview

Pro'sKit / Baogong FTTH Fiber Optic Cold Splicing Tool Set PK-9456 This set includes essential tools for cutting, stripping, and cold splicing fiber optic.

Key Takeaways

The Pro'sKit / Baogong PK-9456-CL is a professional FTTH fiber optic cold splicing tool kit designed for precise, efficient, and heat-free fiber optic cable installation and maintenance.

Overview

The PK-9456-CL is a comprehensive toolkit specifically designed for Fiber-to-the-Home (FTTH) applications, enabling technicians to perform cold splicing without the use of heat, which speeds up installation and reduces the risk of cable damage. It is portable, durable, and organized in a convenient carrying case, making it suitable for fieldwork and professional use.

Key Components
