Andorra 3-Year Warranty Terminal Box 24-Core

Overview

The 24 ports optical fiber cable distribution box is capable of housing 24 sc or 12 lc duplex adapters, supporting max 24 cores termination.

Key Takeaways

The ODP 24-Core Fiber Optic Terminal Box offers high-capacity fiber distribution with a 3-year warranty, suitable for FTTH and FTTX applications.

Key Features

Capacity and Compatibility: Supports 24-core fiber connections, compatible with SC and LC adapters, and can accommodate mini-splitters (1: 8 SC or 1: 16 LC) for flexible network deployment. Durability and Protection: Constructed from high-quality ABS material with IP65/IP67 protection, ensuring water-proof and dust-proof performance for outdoor or wall-mounted installations. Installation Options: Can be mounted on walls or poles, with ready-to-use installation kits and adapter slots that do not require additional screws or tools.

Cable Management: Integrated splice cassettes and fiber management systems maintain proper bend radius (>40mm), supporting both fusion and mechanical splicing. Network Support: Suitable for FTTH, FTTX, optical LAN/WAN, CATV, and broadband high-bit rate data transmission, supporting multiple network protocols including wired and wireless LAN. Maintenance and Expansion: Designed for easy maintenance and capacity extension, allowing reconnection of adapters over 200 times without compromising performance.

Warranty and Reliability3-

Year Warranty: Ensures reliable performance and long-term durability in various network environments. Quality Assurance: Products meet relevant international standards and certifications for fiber optic distribution equipment. ApplicationsFTTH/FTTX Deployments: Ideal for residential and commercial fiber-to-the-home networks.

Optical Signal Distribution: Can serve as a termination point for feeder and drop cables, supporting splicing, splitting, and distribution.

Mini-

Network Terminals: Suitable for small-scale network distribution requiring compact, high-density fiber management. This 24-core fiber optic terminal box is a versatile, durable, and reliable solution for Andorra-based network installations, providing both high performance and a 3-year warranty for peace of mind.
