Angle Steel Cable Management Stand in Democratic Republic of Congo

Overview

Cable Tray Manufacturers In Democratic Republic of the Congo. Keep your cables safe and organized with our high-quality cable trays. Cable Trays are impo.

Key Takeaways

High-quality carbon steel angles for cable management are available from multiple suppliers in the DRC, including Kinshasa and Lubumbashi, suitable for industrial and commercial applications. Key Suppliers1. Yoane Steel – Kinshasa Yoane Steel specializes in carbon steel angles, offering products with excellent tensile and yield strength, making them ideal for cable management frameworks and structural supports.

Their angles are versatile, durable, and certified with mill and third-party test certificates, ensuring compliance with industrial standards. They also provide a wide range of steel products including alloy, mild, and galvanized steel, along with pipes, tubes, and bars, supporting both commercial and industrial projects. 2.

METALC

O – Lubumbashi METALCO has been operating since 1991 and provides steel fabrication, supply, and assembly services across the DRC. They handle large-scale projects including workshops, storage tanks, and terminals, and can fabricate custom steel structures suitable for cable management stands. 3.

Steelco – Lubumbashi Steelco offers pre-engineered buildings and custom metal fabrication, delivering durable steel structures for industrial and commercial applications. Their services include design-to-installation solutions, which can be adapted for cable management systems requiring angle steel frameworks. 4.

Steel Lubumbashi Steel Lubumbashi supplies a wide range of high-quality steel construction materials, including angle steel suitable for cable management. They emphasize customer support and can provide guidance on selecting the right steel profiles for specific projects.

Considerations for Procurement

Material Quality: Carbon steel angles are preferred for their strength and durability, especially for supporting heavy cable loads. Customization: Many suppliers in the DRC offer fabrication services to produce custom sizes and configurations for cable management stands. Certification: Ensure suppliers provide mill test certificates or third-party verification for structural integrity.

Local Support: Choosing suppliers with local fabrication and installation capabilities, such as METALCO or Steelco, can reduce lead times and logistical challenges. For projects in the DRC, contacting these suppliers directly will allow you to obtain quotes, technical specifications, and delivery options tailored to your cable management requirements.
