Expert House Trading (EHT) has been operating since 1997 and focuses on structured cabling, fiber optics, and computer network cabling. They supply and install fiber optic components, including splice boxes, and offer consultancy, installation, and support services for companies across Bahrain and the Middle East. Al Amad Al Baeed Co.

Ltd. is a well-established cable supplier in Bahrain, offering a wide range of fiber optic cables and related accessories. Their cable division maintains extensive inventory and represents reputed international manufacturers, providing reliable products and technical support for fiber optic installations, including splice boxes. Considerations for Choosing a SupplierProduct Range: Ensure the supplier offers splice boxes compatible with your fiber type (single-mode or multi-mode) and network requirements.

Installation Services: Companies like ATC and EHT provide turnkey installation and maintenance services, which can simplify deployment. Warranty and Support: Check for warranty coverage and technical support for splice boxes and associated fiber components. Local Availability: Suppliers with local inventory, such as Al Amad Al Baeed, can reduce lead times and ensure timely project completion.

These companies collectively provide both the products and services necessary for deploying and maintaining optical cable splice boxes in Bahrain, making them reliable options for telecommunications and data network projects.
