Belarusian spot fiber optic distribution box 2 cores

Overview

belarusian-fiber-optic-distribution-cabinet-with-6-cores21 Companies and suppliers for belarusian-fiber-optic-distribution-cabinet-with-6-cores Find wholes.

Key Takeaways

The 2-core Fiber Optic Distribution Box (FDB-102A-1) is a compact, IP-55 rated enclosure with SC connectors and a PLC splitter, suitable for outdoor FTTx deployments.

Overview

The 2-core fiber distribution box is designed to provide a secure and organized environment for fiber optic cables and splices, supporting up to 2 fibers. It is widely used in telecommunications, broadband, and CATV networks, particularly for FTTx cabling where it connects fiber optic cables to passive optical splitters or subscriber lines (mefiberoptic.com).

Key Features

Enclosure Type: Compact and rugged, suitable for outdoor installations. Protection Rating: IP-55, ensuring resistance to dust and water ingress, making it ideal for harsh environments (mefiberoptic.com). Connectors: Equipped with 2 SC fiber optic connectors, allowing reliable fiber connections.

Splitter: Includes a PLC splitter for efficient signal distribution. Material: Durable ABS+PC or similar high-impact materials for mechanical protection and long-term durability (otranscomm.com). Cable Management: Internal routing supports proper fiber bend radius and slack management, reducing signal loss and protecting splices.

Installation Options: Can be mounted on walls, poles, or inside cabinets depending on network requirements (otranscomm.com). ApplicationsFTTH/FTTB Networks: Acts as a termination point for subscriber connections. Outdoor Distribution Nodes: Provides secure housing for fiber splices and splitters in external environments.

Telecom and Broadband Networks: Ensures reliable optical signal distribution and protection.

Advantages

Compact Design: Saves space while maintaining full functionality. Durable and Weatherproof: IP-55 rating protects against environmental factors. Versatile Connectivity: Supports SC connectors and PLC splitters for flexible network configurations.

Efficient Fiber Management: Simplifies splicing, termination, and cable organization. This 2-core fiber distribution box is ideal for Belarusian FTTx deployments or similar network setups requiring a small, reliable, and weather-resistant optical distribution solution.
