Brunei cable tray pricing and installation methods

Overview

Cable Tray – Syarikat Lan-Ric Industries Sdn BhdWe offer three (3) different types of Perforated Cable Tray. 01. Cable Trunking. 02. Cable Tray. 03. Cable.

Key Takeaways

Cable tray installation and customization in Brunei typically ranges from BND 5 to BND 100 per meter, depending on material, type, and complexity.

Price Overview

The cost of cable tray systems in Brunei varies widely based on material, tray type, and installation requirements. Common materials include: Steel: Most widely used, cost-effective, suitable for indoor installations, typically BND 5–25 per meter. Aluminum: Lightweight and corrosion-resistant, ideal for humid or coastal areas, generally BND 6–30 per meter.

Fiberglass Reinforced Plastic (FRP): High durability in aggressive environments, priced BND 10–50 per meter. Stainless Steel: Extremely durable and corrosion-resistant, suitable for harsh industrial or chemical environments, costing BND 20–100 per meter.

Tray Types and Customization

Ladder Trays: Open design, economical, allows easy cable access and ventilation, suitable for industrial and commercial settings. Solid Bottom Trays: Fully enclosed, protects sensitive cables from dust and liquids, ideal for cleanrooms or laboratories. Channel or U-shaped Trays: Narrow, for specific routing needs, often used in tight spaces.

Customization options, such as elbows, tees, couplers, supports, and hangers, add to the overall cost. Surface coatings like hot-dip galvanizing or powder coating can increase prices by 5–25% depending on environmental requirements.

Installation Considerations

Installation costs depend on: Labor and complexity: More bends, vertical runs, or multi-level installations increase labor costs. Support spacing and mounting: Heavier trays or long spans require additional supports. Environmental factors: Outdoor or corrosive environments may require premium materials or coatings.

Project scale: Large-scale industrial projects may benefit from bulk pricing, while small installations may have higher per-meter costs.

Local Suppliers in Brunei

Several suppliers provide cable trays and accessories in Brunei, offering both standard and customized solutions. For example, Berakas Power Company Sdn Bhd supplies cable trays with full compliance to specifications, including packaging, shipping, and delivery to BPC stores. Other local manufacturers and exporters also offer competitive pricing and customization services.

Summary

For budgeting purposes in Brunei: Standard steel ladder tray: BND 5–25 per meterAluminum tray: BND 6–30 per meterFRP tray: BND 10–50 per meterStainless steel tray: BND 20–100 per meterAccessories and customization: Additional per piece or per meter, depending on complexity Choosing the right material and tray type, along with proper planning for installation and accessories, ensures cost-effective and durable cable management solutions.
