Cable Galvanized Tray Manufacturer Distributor

Overview

Galvanised Cable Tray Suppliers, Manufacturer, Distributor, Factories. Alibaba offers 611 Galvanised Cable Tray Suppliers, and Galvanised Cable Tray Manu.

Key Takeaways

Leading suppliers of galvanized cable trays include Spina Group, JLH Electric, Eurostrut, ABB, and Carpel, offering a wide range of industrial-grade solutions.

Key Manufacturers and Distributors

Spina Group / Schiavetti Tekno – An Italian manufacturer providing hot-dip galvanized (HDG) cable trays, stainless steel, and aluminum options. Their product range includes ladder, perforated, closed-bottom, and wire mesh trays, with standard widths like 300 mm and custom sizes. They offer full compliance with EN and UL standards, along with accessories such as elbows, junctions, supports, and covers for indoor and outdoor environments, ensuring corrosion resistance and long-term performance in industrial installations.

JL

H Electric – Specializes in pre-galvanized perforated cable trays (GI trays) suitable for medium-duty cable loads. Trays are available in widths from 120 mm to 1200 mm, heights from 50 mm to 160 mm, and standard lengths of 2400 mm. They are lightweight, ventilated, and easy to install, with OEM/ODM customization options for industrial, chemical, power generation, and telecommunications applications.

Eurostrut – Offers galvanized cable trays for industrial and marine use, including distribution trays, cable routes, and NATO-type models. Customers can request quotes directly via their webshop, making them suitable for both standard and specialized installations.

AB

B – Provides a comprehensive range of cable tray systems, including perforated trays, cable ladders, channel trays, and strut systems.

AB

B focuses on modularity, scalability, and compliance with industrial standards, supporting diverse applications from data centers to manufacturing plants. Carpel and Other Industrial Brands – Carpel manufactures galvanized steel cable trays with thicknesses around 1. 5 mm, offering wire mesh and ladder systems with integrated fixing solutions for quick installation.

Other brands like INTERFLEX and VALDINOX are also available through industrial distributors, providing a variety of galvanized tray options for professional use.

Product Features and Applications

Material: Hot-dip galvanized steel, pre-galvanized mild steel, stainless steel, aluminum. Types: Ladder, perforated, closed-bottom, wire mesh. Accessories: Covers, elbows, junctions, supports, suspension brackets, and fixing systems.

Applications: Industrial plants, data centers, oil & gas, chemical, telecommunications, marine, and infrastructure projects. Customization: Widths, heights, lengths, and protective coatings can be tailored to project requirements. These manufacturers and distributors provide high-quality, corrosion-resistant galvanized cable trays suitable for both indoor and outdoor installations, ensuring safe and organized cable management in demanding industrial environments.
