Cable tray connecting strip price

Overview

Cable Tray Connectors | McMaster-CarrChoose from our selection of cable tray connectors, including cable and hose trays, steel formable cable and hose tray.

Key Takeaways

Cable tray connecting strips typically range from $5 to $50 per piece, depending on material, size, and supplier. Cable tray connecting strips, also known as joints or connectors, are essential for joining two sections of cable trays to ensure structural continuity and proper cable management. Prices vary based on material (galvanized steel, stainless steel, aluminum), length, width, and load-bearing capacity.

For example, stainless steel joints are more expensive due to corrosion resistance, while aluminum or galvanized steel options are more affordable.

Typical Price Ranges

Small galvanized steel connecting strips: $5–$15 eachAluminum connecting strips: $10–$25 eachStainless steel or heavy-duty reinforced joints: $20–$50 eachFactors Affecting PriceMaterial: Stainless steel > Aluminum > Galvanized steelSize and thickness: Larger or thicker strips support heavier cable loads and cost moreSupplier and bulk orders: Buying in bulk from suppliers like Alibaba, McMaster-Carr, or RS can reduce per-unit cost Custom fabrication: Custom-designed connectors for specific projects may increase the price Purchasing TipsVerify compatibility with your cable tray type (ladder, solid-bottom, or ventilated)Ensure proper grounding and follow local electrical codesConsider corrosion resistance if used in outdoor or industrial environments For exact pricing, it is recommended to check supplier catalogs or request a quote from distributors such as McMaster-Carr, RS, or Alibaba, as prices fluctuate based on material, quantity, and market conditions.
