Direct supply from manufacturer of 10 Gigabit optical modules in North Macedonia

Overview

We''re dedicated to developing and manufacturing fiber optic communication products ranging from passive to active categories for telecommunication networks, enterprise networks, and data centers.

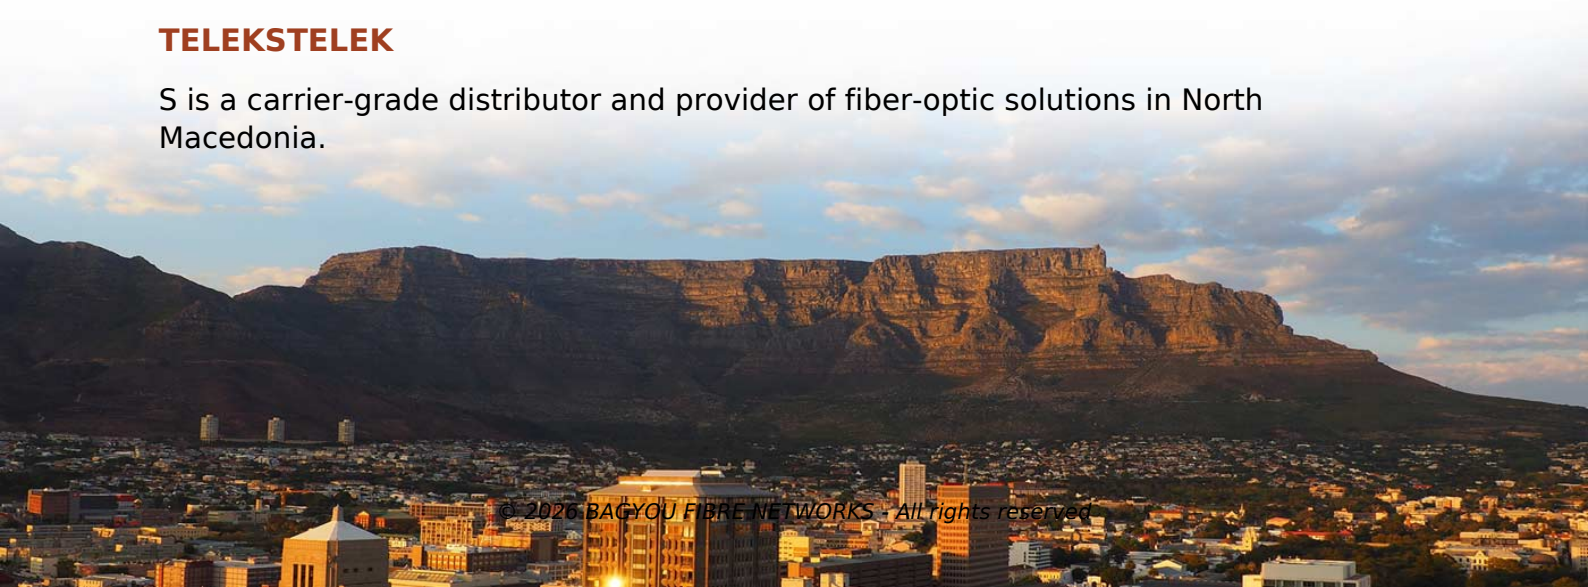

Key Takeaways

LINK-PP and TELEKS are key providers of 10 Gigabit optical modules in North Macedonia. LINK-PP Optical ModulesLINK-PP offers a range of high-performance optical transceivers, including 10G SFP+ modules compatible with major brands like Ciena. Their modules support long-distance transmission over single-mode fiber (SMF) with wavelengths such as 1550nm, and comply with MSA SFP+ specifications.

These transceivers are suitable for enterprise, data center, and service provider networks, with features like duplex LC connectors and operating temperature ranges from 0 to 70°C (LINK-PP LS-SM5510-A0C). LINK-PP emphasizes quality control, ISO 9001 certification, and compliance with CE, RoHS, and FCC standards.

TELEKSTELEK

S is a carrier-grade distributor and provider of fiber-optic solutions in North Macedonia.

While TELEK

S primarily distributes products from leading manufacturers, they offer a complete range of fiber-optic network equipment, including 10G SFP+ modules, and provide technical support for network deployment and integration. They serve as a local point of contact for procurement and evaluation of optical transceivers.

Product Features and Applications

Data Rates: 10 Gbps (SFP+)Transmission Distance: Up to 100 km for long-range modulesFiber Type: Single-mode fiber (SMF)Connectors: Duplex LCCompliance: MSA SFP+, ISO 9001, CE, RoHS, FCCApplications: Data centers, enterprise networks, telecom infrastructure, and long-haul optical links.

Summary

For organizations in North Macedonia seeking 10 Gigabit optical modules, LINK-PP provides locally available, high-quality SFP+ transceivers with long-distance capabilities, while TELEKS acts as a distributor and technical partner for fiber-optic network solutions. Both options ensure compliance with international standards and are suitable for enterprise and carrier-grade deployments.

10G SFP+ Supplier & Factories in North Macedonia

We''re dedicated to developing and manufacturing fiber optic communication products ranging from passive to active categories for telecommunication networks, enterprise networks, and data centers.

Top Vendors For 10G Sfp+ Modules — Enterprise & Data Center

While many large OEMs sell branded optics, the market is dominated by a mix of legacy tier-one manufacturers (who lead on R&D and tunable optics), large ODMs that scale cost-effectively, and

Optical Transceivers Manufacturer & Supplier

Advanced intelligent fully automated production factory. With a daily output of 30,000 units, 80% of orders are produced and shipped the same day. Innovative technology, precision manufacturing, and

Top Optical Transceiver Suppliers | Global Sourcing for SFP & QSFP

Need reliable optical transceiver suppliers? Discover verified manufacturers offering 10G/100G modules for network infrastructure. Compare prices and specs now – click to connect with

© 2026 BAGYOU FIBRE NETWORKS - All rights reserved

Top SFP Suppliers: Source Reliable Optical Transceivers Globally

Need certified SFP module suppliers? Compare manufacturers offering 10G/1G transceivers with DDM support. Request quotes from verified vendors today!

Optical Transceivers from 1G to 400G | Solid Optics

Compatible optical transceivers 1G, 10G, 25G, 40G and 100G in multiple form factors including SFP, SFP+ XFP, QSFP+, QSFP28 and CFP with a lifetime warranty.

mali-10-gigabit-optical-module-manufacturer

We are manufacturers of halogen-free power cables, splice boxes, and power distribution units (with and without intelligent control) for data centers based in Essen.

10G SFP+ Optical Transceivers | Transceiver Module

Click to get your 10G SFP+ transceiver modules from nearby warehouses. 30-Day Free Return. Trusted by 260K+ Enterprise Users.

mali-10-gigabit-optical-module-manufacturer Manufacturer/Producer

Optical Fiber Manufacturing. Lightmax SL is a company founded in 2007, specialized in the manufacturing and supply of products for passive optical fiber networks.

10G SFP+ Supplier & Factories in North Macedonia

In North Macedonia, the industrial status of fiber optics is characterized by a "hybrid supply chain." While local installation and engineering expertise are world-class, the manufacturing of high-precision

Cisco 10GBASE SFP+ Modules Data Sheet

The Cisco® 10GBASE SFP+ modules (Figure 1) give you a wide variety of 10 Gigabit Ethernet connectivity options for data center, enterprise

10G SFP+ Optical Transceiver Modules | AscentOptics

10G SFP+ Product Descriptions AscentOptics'' 10G SFP+ modules offer customers a wide variety of 10 Gigabit Ethernet connectivity options that are compact, hot-swappable, and flexible to extend

Optical Modules Market Research Report 2034

The optical modules market was valued at $14.8 billion in 2025 and is projected to reach $39.6 billion by 2034, growing at a CAGR of 11.5%.

Optics and Transceivers | Fiber Optical Transceivers
