Dominic Stainless Steel Cable Tray Prices

Overview

Dominic Stainless Steel 304 Cable Tray Dominic Stainless Steel 304 Cable Tray | MSC Direct offers quality Dominic Stainless Steel 304 Cable Tray at a great.

Key Takeaways

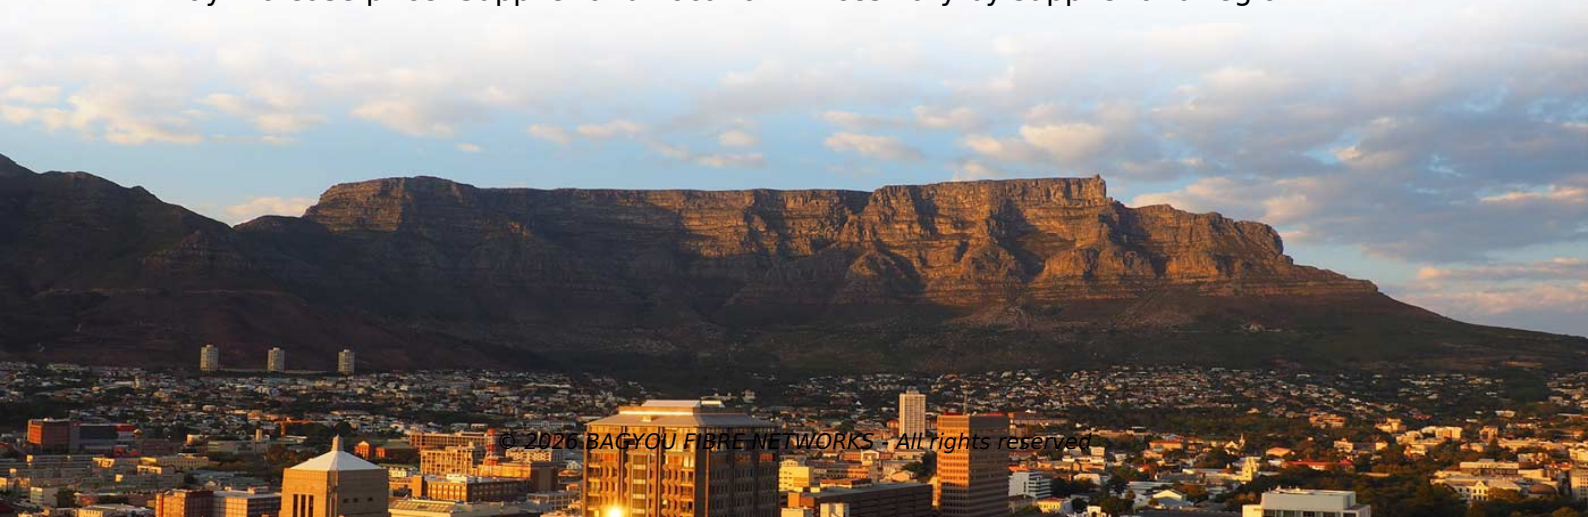

Dominic stainless steel cable tray prices vary depending on size, grade, and type, typically ranging from $50 to $500 per meter for standard industrial trays.

Factors Affecting Price

Material Grade: Stainless steel trays are commonly available in 304 and 316 grades. 316 stainless steel is more corrosion-resistant and suitable for marine or chemical environments, making it more expensive than 304. Tray Type: Ladder, wire mesh, basket, and slotted trays differ in design and manufacturing complexity.

Ladder trays with heavy-duty rungs or reinforced slotted trays for dense cable loads are generally higher priced. Width and Load Capacity: Standard widths range from 50mm to 900mm, with wider trays or heavy-duty return flange designs costing more. Load-bearing requirements also influence pricing.

Accessories and Configuration: Couplers, bends, tees, and risers needed for installation add to the total cost. Custom configurations or pre-fabricated assemblies may increase price. Supplier and Location: Prices vary by supplier and region.

Dominic stainless steel cable trays are manufactured in Germany, and purchasing directly from a factory or distributor may affect cost. Typical Price RangesLight-duty trays: $50–$120 per meterMedium-duty trays: $120–$250 per meterHeavy-duty or reinforced trays: $250–$500 per meterCustom or specialized trays: Prices may exceed $500 per meter depending on specifications and environmental requirements.

How to Obtain Exact Pricing

To get an accurate quote for Dominic stainless steel cable trays: Contact official distributors or the factory directly via B2B platforms like Europages. Provide details such as tray type, width, length, grade, and required accessories. Request shipping and installation costs if applicable, as these can significantly affect the total price.

By considering these factors, you can select the appropriate tray type and obtain a precise quote tailored to your project requirements.
