Fugou Optical Cable Splicing Manufacturer

Overview

AFL Telecommunications manufactures fusion splicers, splice kits, fiber cleavers, fiber connectors and additional fiber optic tools and test equipment. We are the world's leading manufacturer of telecoms and specialty application splicers. With over 40 years' experience developing splicing technology, we are renowned for our innovative, high quality fusion splicing equipment. Fujikura's pioneering spirit and keen focus on exceptional quality over the past three decades have established Fujikura as the leader in fusion splicing. ETK Kablo is a leading Turkish manufacturer of fiber optic cables and low-voltage communication cables, supplying high-quality solutions to more than 120 countries worldwide. European manufacturer of high-quality passive fiber optic equipment and FTTH network components. The AFL S018319 Fujikura 45S Single Fiber Fusion Splicer features cladding alignment, automatic fusion control and Bluetooth connection. The 45S provides 6-second splicing in SM. Because our splicers streamline the splicing processes and reduce splicing time, Fujikura splicers make things more efficient for the technicians who are out there splicing fibres together as they expand optical networks or perform maintenance on them.

Fusion Splicers and Splicing Solutions | AFL Global

AFL Fusion Splicers provide you with the precision and reliability you need to splice your fibers. We offer a wide range of fusion splicers to choose from, including

fuyu-optical-cable-splicing-manufacturer Manufacturer/Producer

ETK Kablo is a leading Turkish manufacturer of fiber optic cables and low-voltage communication cables, supplying high-quality solutions to more than 120 countries worldwide.

Cable Splicing, Fusion Splicers, Splice Sleeves

Specialized Products offers fusion splicers, fiber splice sleeves and fiber cable splicing accessories required for all your fiber optic splicing needs.

Fibre optic splicing explained

Fujikura''s fusion splicers are outstanding at delivering these results because of their precision, ease of use, automated features, and careful

AFL Telecommunications | Fiber Test Equipment

AFL Telecommunications manufactures fusion splicers, splice kits, fiber cleavers, fiber connectors and additional fiber optic tools and test equipment.

Fiber Optic Fusion Splicers

International distributor for fiber optic components, equipment and accessories while providing invaluable technical consultation and support.

Splice Technologies, Inc. | Innovative Fiber Optic Products

Splice Technologies, Inc. is a leading USA manufacturer of the industry''s highest quality, reliability, and most extensive offering of fusion splice protection sleeves available.

FUSEConnect® Splice-On Connector

FUSEConnect utilizes a fusion splicer to terminate the connector in the field, addressing return loss concerns present in analog optical networks. This advanced process yields true APC performance

Top 5 Fusion Splicers for 2025: Precision Tools for

Top-rated models include the Fujikura 90S+, INNO View 8+, and Sumitomo Type-72C+, each suited to different use cases and environments.

What is Fiber Optic Cable Splicing?

Fusion splicing is used by many telecommunications and cable television providers for long-haul single-mode networks, although mechanical splicing is used for shorter local cable lengths.

Fiber Optic Splicer

Discover fiber optic splicing kits for FTTH networks with core alignment, 10mW VFL, and CE certification. Ideal for splicing fiber optic cable.

Fusion splicing

Fusion splicing is the act of joining two optical fibers end-to-end. The goal is to fuse the two fibers together in such a way that light passing through the fibers is not scattered or reflected back by the

Fusion Splicing Machines | Shop now

Fusion Splicing Machines Fusion splicing is used to physically join together two optical fiber ends. The process may vary, depending on the type of fusion splicer used. FITEL splicers are simple yet

Custom Fiber Optic Cable Fusion Splicing Manufacturer, Factories

Our Fiber Optic Cable Fusion Splicing equipment delivers superior precision and performance, ensuring seamless connections for your optical communication network, With our advanced Fusion Splicing

Fiber Splice

Otscable is a leading fiber splice manufacturer in China. We offer high quality fiber splice. You can easy find the cord in following products.

SeikoFire

SeikoFire Technology specialized in designing,manufacturing,and selling fiber optic fusion splicer & test instrument. Our main products including fiber fusion splicer,OTDR,optical cable identifier,fiber

Fiber optic cable splicing machine Nigeria | Fujikura FSm-80s optical ...

Fujikura 80S is splicing machine is the latest single fiber core alignment fusion splicer covering various splicing needs in the field and fiber optic cable installations. We can order Fujikura FSM-80S original

Fusion Splicer Manufacturer, OTDR, Splicing Machine Supplier

© 2026 BAGYOU FIBRE NETWORKS - All rights reserved

Nanjing OrienTek Optical Communication Limited is a manufacturer specialized in Fusion Splicer, OTDR, Fiber Optic Tool Kits. And fiber optic accessories. Main product range: Fusion splicer OTDR
