Huawei 24-port access optical switch

Overview

The CloudEngine S5732-H Series Hybrid Optical-Electrical Switch is a new generation of 10 GE access switch, featuring 24 optical and 24 electrical downlink ports plus four 25 GE uplink ports and either two 40 GE or two 100 GE uplink ports, with one extended slot. Full 10 GE optical/electrical access, designed for the Wi-Fi 6 era. Powered by Huawei's unified Versatile Routing Platform (VRP), the switches offer a range of capabilities, including. The Huawei S5700-24TP-PWR-SI is an enterprise-class Gigabit PoE+ switch designed for converged access networks. It provides 20 GE PoE ports and 4 GE combo ports to power IP phones, cameras, and wireless APs while simplifying cabling across Asian, European, African, and North American deployments. Over the past year, Huawei's 24-port switch lineup has expanded significantly across access, aggregation, and campus layers—especially with new S5735-L and S310 series models entering Latin American and EMEA markets at tighter price points.
