Malta Anti-corrosion Cable Tray Manufacturer Price Quote

Overview

Cable Management – BigMat MaltaAplus Trunking for Floor is a type of cable management system designed to protect and conceal cables running along the floor.

Key Takeaways

Anti-corrosion cable trays in Malta typically cost between $10 and $50 per meter, depending on material, type, and coating.

Price Range and Material Considerations

The cost of cable trays varies significantly based on material and corrosion resistance. Common options include: Galvanized steel: Most common, balances durability and price, typically $10–$30 per meter. Stainless steel: Highly resistant to corrosion, more expensive, often $25–$50 per meter.

Aluminum: Lightweight and rust-proof, generally $20–$50 per meter. Plastic trays: Budget-friendly but less suitable for heavy loads or high-heat environments, usually cheaper than metal trays. Coatings such as hot-dip galvanizing (HDG) or powder coating increase corrosion resistance but also raise the price.

Local Suppliers in Malta

Several suppliers provide cable trays suitable for anti-corrosion applications: Brownrig Supplies Direct Ltd.: Offers galvanized steel cable trays and other electrical products, with storage and delivery options in Malta.

Big

Mat Malta: Provides a range of cable management solutions, including trunking and protective systems, which may include anti-corrosion options.

FB

P Malta: Supplies cable trays and mesh trays, suitable for industrial and commercial installations.

Cost-

Saving Tips

Bulk orders: Purchasing in larger quantities can reduce the per-meter cost by 20–40%. Material selection: If weight and load are not critical, perforated or wire mesh trays can be cheaper than ladder trays. Seasonal timing: Off-peak construction periods may offer better pricing and promotions.

Custom orders: Some suppliers offer custom sizes and coatings, which may increase upfront cost but improve longevity in corrosive environments.

Summary

For a typical anti-corrosion cable tray in Malta, expect to pay $10–$50 per meter, with stainless steel and aluminum at the higher end. Prices depend on material, coating, tray type, and order quantity, and local suppliers like Brownrig and BigMat Malta can provide both standard and custom solutions.
