3. Malta Technical Services Malta Technical Services supplies metal enclosures of all sizes, including outdoor-rated distribution boxes. They offer custom solutions and can provide guidance on selecting the right enclosure for specific electrical requirements.

Interested customers can contact them via their website for quotes and technical support. 4.

ES

S Ltd While primarily known for outdoor lighting, ESS Ltd also supplies electrical equipment and enclosures suitable for outdoor installations. They are recognized for durable, weather-resistant products and a wide selection of electrical goods, making them a potential source for outdoor distribution boxes.

Considerations for Outdoor Use

When selecting an outdoor power distribution box, ensure the following: IP Rating: Choose boxes with IP65 or higher for full weather protection. Material: Metal or UV-resistant plastic enclosures are recommended for durability. Capacity: Verify rated current, number of poles, and short-circuit capacity to match your installation needs.

Compliance: Ensure the product meets local electrical safety standards. These suppliers provide both standard and customizable solutions, making it easier to find a distribution box that fits your outdoor electrical project in Malta.
