Explore leading Power Distribution Box manufacturer in Muscat, Oman. Custom product designed for efficiency & reliability. Contact us for reliable solutions today.

Key Takeaways

Key distribution box brands in Oman include Al Hassan LLC, National Electrical Industries (NEI), Perfect Automation & Innovation, and Electro Mechanics L. L. C., offering a range of low and medium voltage solutions compliant with local and international standards.

Leading Manufacturers and Suppliers

Al Hassan LL

C is a major player in Oman, manufacturing and distributing a complete range of low voltage switchgear and distribution boards, type-tested up to 6400 A and 120 kA fault level, suitable for oil & gas, power, and building projects. National Electrical Industries (NEI) produces MCB and MCCB distribution boards, earth leakage circuit breakers, and G. I. switch boxes.

NEI D

Bs feature removable neutral links, shrouded busbar systems, and clear labeling, with ratings up to 25 kA fault level, ensuring reliability and compliance with IEC standards. Perfect Automation & Innovation in Muscat specializes in custom-designed power distribution boxes and control panels, emphasizing efficiency and reliability for industrial and commercial applications. Electro Mechanics L.

L. C. (EM) provides comprehensive electrical services, including distribution boards and switchgear, with a focus on high-quality solutions for government and private sector projects. Other notable providers include Nama Distribution Company, Nafal LLC, and Abu Yasser Al Mawly Enterprises LLC (AYM), which offer electrical distribution solutions, EPC services, and high-voltage transmission systems.

Product Features and Standards

Distribution boxes in Oman are designed for indoor and outdoor use, with high IP ratings (typically IP65 or higher) to withstand dust, humidity, and water ingress, making them suitable for harsh desert and monsoon conditions. They are constructed from UV-stabilized thermoplastics or powder-coated metal alloys to resist heat, warping, and corrosion. Common types include: Residential and office MCB-integrated boxesHeavy-duty industrial enclosures for factories and manufacturing unitsTemporary power distribution boxes for construction sitesIntegrated systems with battery backup for uninterrupted power supply All distribution boxes must comply with Public Authority for Electricity and Water (PAEW) regulations and should be installed by licensed electricians to ensure safety and operational compliance.

Conclusion

For reliable and compliant distribution boxes in Oman, Al Hassan LLC, NEI, Perfect Automation & Innovation, and Electro Mechanics L. L. C. are among the top brands.

They provide a wide range of products suitable for residential, commercial, and industrial applications, designed to meet Oman's environmental challenges and international electrical standards.
