

Oman Fire-Resistant Cable Tray Manufacturer

Overview

We are a market leader in the manufacturing of Cable Management Systems, Support and framing Systems, Electrical conduits and Earthing & Lightning Protection Systems.

Key Takeaways

SV Composites and Gersan are leading manufacturers of fire-resistant and FRP cable trays in Oman, offering durable, high-load, and corrosion-resistant solutions. Key Manufacturers¹.

S

V Composites & Engineering Pvt Ltd SV Composites specializes in FRP (Fiber Reinforced Plastic) cable trays in Oman, designed for fire resistance, corrosion protection, and high load-carrying capacity. Their trays are suitable for harsh environments such as coastal areas, chemical industries, and high-temperature applications. They offer a variety of configurations, including channel-type FRP trays, and provide technical support for customized solutions.

These trays are lightweight, maintenance-free, and comply with international safety standards. 2.

Gersan Elektrik LL

C Gersan is an ISO 9001 certified manufacturer in Oman, producing a wide range of cable management systems including perforated cable trays, cable ladders, and trunking systems. Their products are designed for heavy-duty industrial applications such as oil refineries, chemical plants, gas facilities, and military installations. Gersan emphasizes compliance with international standards and provides tailor-made solutions for fire-resistant and durable cable management.

3.

Albustan Technical Supplies LL

C Albustan Technical offers a comprehensive range of cable trays, ladders, trunking, and conduits made from steel, aluminum, PVC, and FRP. Their systems are designed for mechanical protection, moisture resistance, and fire safety, suitable for residential, commercial, and industrial installations in Oman. Product Types and Features

FRP Cable Trays: Fire-resistant, corrosion-proof, lightweight, and suitable for high-temperature or chemical environments.

Perforated Cable Trays: Allow ventilation and heat dissipation, ideal for electrical and instrumentation cables. Cable Ladders: Heavy-duty support for power cables in industrial setups. Cable Trunking: For structured cabling and low-voltage systems.

Considerations for Selection

Fire Resistance: Ensure the tray material (FRP or coated steel) meets local fire safety standards. Load Capacity: Choose trays based on cable weight and industrial requirements. Environmental Conditions: Coastal, chemical, or high-temperature environments require corrosion-resistant materials.

Customization: Many manufacturers provide tailored solutions for specific project needs. For sourcing fireproof cable trays in Oman, SV Composites and Gersan are highly recommended for industrial-grade, durable, and compliant solutions, while Albustan Technical offers a broader range of cable management systems suitable for multiple applications.

Cable Management Systems Oman & GCC | Trays, Ladders

Space-saving, corrosion-resistant solutions for secure and scalable cable support. Optimise space and simplify maintenance with our corrosion-resistant cable trays, available in perforated, solid-bottom,

cable tray – Gersan

CABLE TRAY & LADDER We are a market leader in the manufacturing of Cable Management Systems, Support and framing Systems, Electrical conduits and Earthing & Lightning Protection Systems

Top Cable Tray Suppliers & Manufacturers in Oman

Find top cable tray manufacturers & suppliers in Oman. Source ladder cable trays, perforated cable trays, wire mesh cable trays, solid bottom cable trays & cable tray accessories from trusted

product – Gersan

Cable ladder systems had been designed for heavy duty industry application such as power plants, sub-stations, oil refineries, chemical, gas plants, Military facilities, etc. Cable trays/Ladders are supplied in

Top FRP Cable Tray Manufacturers in Oman

Precision manufacturing is our motivation in such a manner that they conform to industry standards of safety and durability. We produce these trays in a manner that are provided firm support and

Galvanized Cable Tray In Oman

We, the foremost Galvanized Cable Tray Manufacturer and Supplier in Oman, use high-grade steel and a meticulous hot-dip galvanization process to ensure our cable trays meet the highest quality

PVC Cable Tray In Oman, PVC Cable Tray Manufacturers Suppliers ...

Your Trusted PVC Cable Tray Suppliers in Oman Made from high-grade PVC, our cable trays are resistant to rust, chemicals, and corrosion, making them ideal for use in harsh environments.

Delta GRP Cable Trays

Delta GRP Cable Trays A GRP (Glass Reinforced Polyester) cable tray is a lightweight, non-conductive, and corrosion-resistant cable management system used in chemical, marine, oil, and gas industries.

Understanding Pvc In Oman Cable Tray: Composition, Standards, and ...

Fire Resistance: When used with fire-rated PVC cables or fire-stop collars, the system enhances fire safety by limiting flame spread and smoke emission. EMI Shielding: Certain enclosed

Oman Cables

At Oman Cables Industry SAOG, Values are the core focus in defining our company's DNA. We are combining a culture of shared values in direction towards developing People & Business to set an

Cable Management Systems – AL BUSTAN TECHNICAL SUPPLIES

High mechanical strength and load-bearing capacity Corrosion-resistant and fire-retardant materials Easy installation and maintenance-friendly design Suitable for commercial, industrial, and

Cable Trays

CABLE TRAYS manufacturer in UAE . DANA STEEL is the leading manufacturer of high quality Cable trays & it's accessories in Stainless steel,Mild Steel,Aluminum,Hot Dip Galvanized,Painted & powder
