Plastic External Distribution Box Manufacturer

Overview

IP65 waterproof distribution box for outdoor installs. Plastic ABS/PC, DIN-rail ready, clean wiring, customization available. Manufacturer support & accessories.

Key Takeaways

Plastic external distribution boxes are produced by specialized manufacturers offering weatherproof, impact-resistant, and customizable enclosures for electrical systems.

Leading Manufacturers and Suppliers

Selhot Electric – Offers factory-direct IP65/IP67 waterproof distribution boxes made from UV-resistant PC/ABS materials. Their products are CE/TUV certified and can be customized with knockouts for cable entry points, making them suitable for outdoor and industrial applications (Selhot Electric). CE-TEK – Specializes in rugged electrical junction boxes for hazardous areas, including oil & gas, petrochemical, and food industries.

Their enclosures are manufactured to European standards and available in a wide range of materials and sizes, including plastic options (CE-TEK).iLECSYS – Supplies plastic, steel, and GRP enclosures from leading brands such as Schneider, Fibox, and nVent HOFFMAN. They provide wall-mounting, floor-standing, and modular options, with customization services including cut-outs, drilling, and machining to meet specific project requirements (iLECSYS). Sunnom – A professional plastic distribution box manufacturer that designs and produces enclosures using advanced polymers like polycarbonate and ABS with flame-retardant additives.

They focus on weatherproof, impact-resistant, and fire-retardant boxes, offering high-volume production with tight tolerances and customization for dimensions, mounting, and cable entry points (Sunnom).

Key Features to Consider

Material: Polycarbonate (PC), ABS, or PC/ABS blends for UV resistance, impact strength, and electrical insulation.

I

P Rating: IP65 or higher for outdoor protection against dust and water ingress.
Customization: Options for knockouts, DIN rail mounting, clear lids, and branding.
Compliance: CE, UL, IEC, and TUV certifications ensure safety and quality standards.

Applications: Residential electrical panels, industrial control cabinets, telecommunications housing, renewable energy systems, and outdoor utility enclosures.

Summary

Plastic external distribution boxes are widely available from manufacturers that combine durable materials, weatherproofing, and customization capabilities. Companies like Selhot Electric, CE-TEK, iLECSYS, and Sunnom provide solutions suitable for diverse environments, from residential to industrial and hazardous locations, ensuring protection of electrical components against environmental hazards and mechanical impact.
