Price Inquiry for Fiberglass Cable Trays in Australia

Overview

XFibreTray The cable trays manufactured by us are from pultruded sections / profiles of fiberglass, this pultruded sections help in reducing cost, achievin.

Key Takeaways

Fiberglass cable trays in Australia typically range from AUD 150 to AUD 500 per meter, depending on size, type, and resin system.

Overview of Fiberglass Cable Trays

Fiberglass reinforced plastic (FRP) cable trays are widely used in industrial and commercial applications due to their lightweight, corrosion-resistant, flame-retardant, and non-conductive properties. They are suitable for harsh environments, including chemical plants, refineries, and outdoor installations, and are available in ladder, solid-bottom, perforated, and wire mesh designs.

FR

P trays are often made from pultruded fiberglass sections with polyester or vinyl ester resins, sometimes incorporating UV stabilizers for outdoor durability.

Price Range

© 2026 BAGYOU FIBRE NETWORKS · All rights reserved

Standard FR

P cable trays: Approximately AUD 150–250 per meter for light-duty or smaller-width trays suitable for indoor or moderate load applications. Heavy-duty or industrial-grade trays: Around AUD 300–500 per meter, especially for trays designed for high load, chemical resistance, or outdoor exposure. Accessories and fittings: Couplers, bends, supports, and covers can add AUD 50–150 per component, depending on complexity and material.

Prices vary based on tray width, height, load rating, resin type, and supplier, with specialized trays for oil, gas, or renewable energy projects costing more due to enhanced corrosion and fire resistance.

Suppliers in Australia

Anchor Products (XFibreTray): Offers pultruded FRP trays with polyester or vinyl ester resins, suitable for corrosive and high-humidity environments.

FR

P Engineering Australia: Provides trays, ladders, and accessories with anti-static and low-smoke options for industrial applications. Treadwell Group (EXduro™): Supplies ventilated and solid trays with pre-assembled fittings, designed for a 50-year design life in harsh Australian conditions.

AG

M Electrical: Offers a range of cable trays and ladders with competitive pricing and showroom access for inspection.

Market Trends

The Australian fiberglass cable tray market is growing due to infrastructure modernization, renewable energy projects, and demand for corrosion-resistant solutions. Key regions with high adoption include Queensland, New South Wales, and Victoria, driven by industrial upgrades and smart city initiatives.

Summary

For most industrial and commercial projects in Australia, expect to pay between AUD 150 and AUD 500 per meter for fiberglass cable trays, with additional costs for fittings and specialized resin systems. Prices are influenced by load capacity, environmental resistance, and supplier choice, making it important to request quotes from multiple vendors for accurate budgeting.
