Price of Cable Tray Connectors

Overview

Cable Tray Connectors | McMaster-CarrChoose from our selection of cable tray connectors, including cable and hose trays, steel formable cable and hose tray.

Key Takeaways

Cable tray connectors come in various types including elbows, tees, crosses, risers, reducers, and continuity connectors, with prices ranging from a few dollars for basic fittings to over $100 for specialized or heavy-duty connectors.

Common Types of Cable Tray Connectors

Elbows – Used to change the direction of a cable tray system, available in 45° or 90° angles. They are essential for routing cables around corners in commercial or industrial installations. Tees and Crosses – Allow branching of cable trays into multiple directions.

Tees split the tray into two paths, while crosses split into four, facilitating complex cable routing. Risers – Vertical connectors that allow cable trays to move between different levels or floors in a building. Reducers – Used to connect trays of different widths, ensuring smooth transitions and maintaining cable support.

Continuity Connectors – Maintain electrical continuity across tray sections, often used in metallic trays to ensure grounding and bonding. Bolts, Nuts, Locks, and Expansion Screws – Standard hardware for securing tray sections and connectors. Supporting Brackets and Suspension Rods – Provide structural support for trays, especially in overhead installations.

Covers, Fixings, and Cable Cleats – Protect cables from environmental factors and secure them within the tray.

Materials

Cable tray connectors are typically made from galvanized steel, stainless steel, aluminum alloy, or fiberglass-reinforced plastic (FRP). Some connectors are aluminum or nickel-plated to withstand extreme temperatures, weather, and dust.

Pricing Overview

Basic fittings (elbows, tees, reducers) generally range from $5 to $30 per piece depending on size and material. Heavy-duty or specialized connectors (large risers, continuity connectors, or custom-fabricated items) can cost $50 to $150 or more. Prices vary by vendor, quantity, and shipping; some suppliers require minimum order quantities or direct vendor shipping.

Purchasing OptionsMcMaster-Carr and WireAndCableYourWay offer a wide selection of standard connectors with fast shipping.

JL
