Price of Correctly Installed Junction Box

Overview

Junction Box Cost Guide: Prices & Installation 2026A junction box can cost anywhere from around $10 for a simple indoor plastic box to several hundred doll.

Key Takeaways

Installing a junction box typically costs between $100 and $300 for materials and labor, with more complex or outdoor installations reaching $500 to $1,000.

Cost Breakdown

Materials: Plastic indoor boxes: $10–$60, lightweight and budget-friendly but less durable. Metal boxes: $20–$450, stronger and suitable for workshops, garages, or conduit use. Weatherproof outdoor boxes: $70–$450, designed to resist rain, snow, and UV exposure, often increasing labor time and cost.

Labor: Electricians charge $50–$130 per hour, depending on experience and location. Typical installation takes 1–4 hours for a standard box, with a $100–$200 trip fee often applied to the first hour.

Factors Affecting Cost

Box Type and Material: Plastic is cheaper but less durable; metal and weatherproof boxes cost more. Installation Location: Tight spaces, underfloor, or high ceilings increase labor costs. Indoor vs.

Outdoor: Outdoor boxes cost 40–80% more due to weatherproofing and longer installation time. Number of Boxes: Installing multiple boxes at once can reduce per-box labor costs. Electrical Complexity: Adding new circuits, conduits, or extensive wiring increases cost.

Permits and Inspections: Some jurisdictions require permits, adding $60–$250 to the total project cost.

Typical Price Ranges

Basic indoor installation: $100–$300 (materials + labor)Complex or outdoor installation: $500–$1,000 or moreDIY installation: Can save money on labor, but requires knowledge of electrical codes and safety precautions.

Summary

For most homeowners, hiring a licensed electrician ensures the junction box is installed safely and up to code. Costs vary widely based on box type, location, accessibility, and project complexity, so obtaining local quotes is recommended to get an accurate estimate for your specific situation.
