# Price of cable tray flat tee

## Overview

Trench MDT100FT 100mm Cable Tray Flat Tee Medium Duty MetalTrench MDT100FT 100mm steel metal cable tray. Economical, reliable, easy fit metal cable managem.

## Key Takeaways

Finished cable tray flat tees typically range from £15 to £80 per unit depending on size, material, and duty rating.

## Overview

Cable tray flat tees are available in light, medium, and heavy duty configurations, with widths ranging from 50mm to 900mm. Common materials include mild steel (pre-galvanised or hot-dip galvanised) and stainless steel grade 1. 4404 (316L), with options for closed or ventilated covers.

The finish and material significantly affect the price, with stainless steel being the most expensive.

## Typical Price Ranges

Light Duty (50–150mm width, pre-galvanised): £15–£25 per tee Medium Duty (100–300mm width, galvanised): £25–£50 per tee Heavy Duty (300–900mm width, hot-dip galvanised or stainless steel): £50–£80+ per tee Prices may vary depending on supplier, customization, and bulk orders. Some suppliers, like CMW Ltd, offer next-day delivery and free shipping on orders over £100, which can affect overall procurement costs.

### Additional Considerations

Custom sizes or bespoke finishes may increase the price. Accessories such as couplers, fixing screws, and nuts are usually sold separately. Material choice: Stainless steel tees are more resistant to corrosion but cost significantly more than pre-galvanised options.

Supplier deals: Some suppliers, like Edwardes, offer daily deals on heavy-duty tees, which can reduce costs if purchased in bulk. For precise pricing, it is recommended to contact suppliers directly with the required size, duty rating, and finish to obtain a quotation.
