Price of galvanized cable trays in the Democratic Republic of Congo

Overview

Discover the 2026 cost breakdown for cable trays compared to conduit and wire mesh. Compare material prices, labor savings, and performance to find your best value.

Key Takeaways

Galvanized cable trays in the Democratic Republic of Congo come in various types such as ladder, perforated, and trough designs, with prices ranging from $20 to $60 per meter including installation.

Types of Galvanized Cable Trays

Ladder Cable Trays

Feature two side rails connected by rungs, ideal for heavy-duty cables and long spans. Provide excellent ventilation and support for large bundles of power or control cables.

Perforated Cable Trays

Solid base with perforations for ventilation and drainage. Suitable for medium-weight cables and environments where airflow is important to prevent overheating.
