Voltecx (Takaso Industries Singapore) Voltecx manufactures premium cable trunkings, trays, ladders, conduits, and C-channels. Their systems are engineered for superior construction performance and can be adapted for fireproofing requirements, making them suitable for high-risk environments. 4.

Tan Teck Seng Electric Co Pte Ltd Founded in the 1970s, Tan Teck Seng Electric is a trusted supplier of cable support systems, including lightning protection and earthing systems. Their experience in industrial and commercial projects ensures that their cable trays can meet fire safety and regulatory standards.

Fireproofing Considerations

Fireproof cable trays are critical in maintaining electrical continuity during fires, especially in high-risk facilities like refineries or industrial plants. Advanced fireproofing materials, such as 3M Interam Endothermic Mat (E-mat), can protect cables from extreme heat (up to 1100°C) for 15–60 minutes, ensuring life safety and business continuity. Manufacturers often integrate such fireproofing solutions with their cable trays to meet project-specific safety requirements.

Choosing a ManufacturerWhen selecting a fireproof cable tray manufacturer in Singapore, consider: Compliance with fire safety standardsCustomization options for project-specific layoutsMaterial quality and durability under high temperaturesExperience in industrial or commercial projectsTechnical support and installation services These manufacturers provide both standard and customized solutions to ensure that cable trays remain operational during fire incidents, protecting critical circuits and infrastructure.
