Swedish ladder cable tray price quote

Overview

Cable ladder Ahlsell helps you find the installation material for all your electrical jobs. Whether you work with commercial properties or private residences, we have the range for your next project.

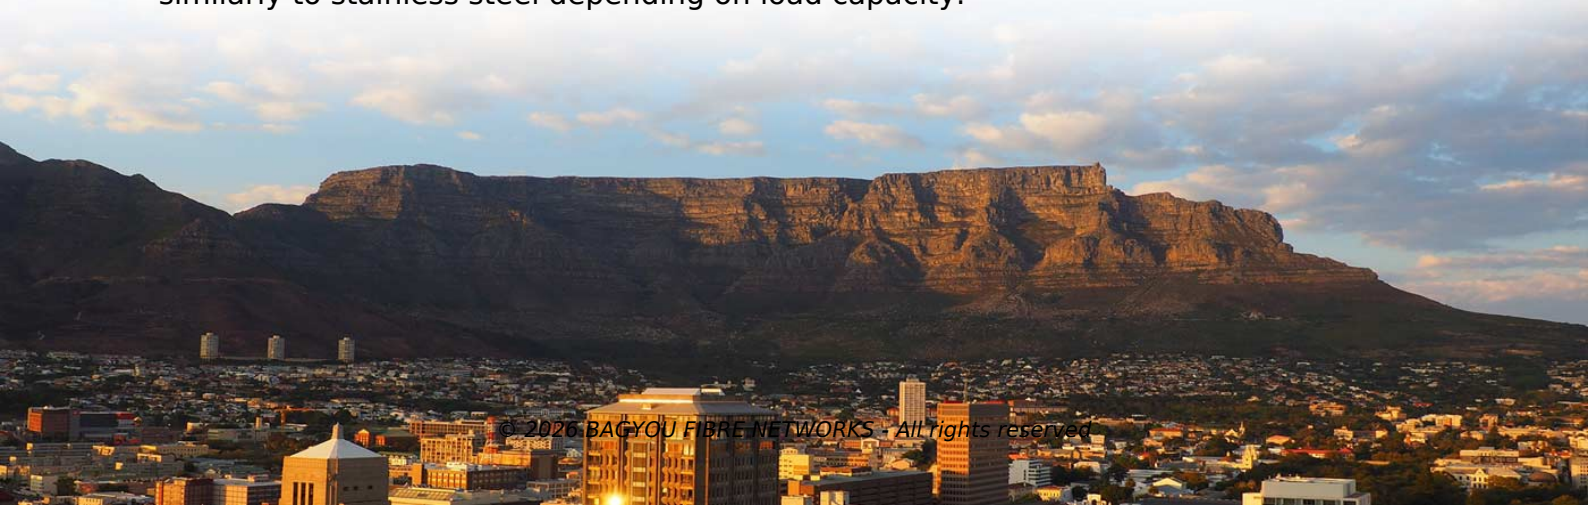

Key Takeaways

Ladder-type cable trays in Sweden typically range from 500 to 2,500 SEK per 3-meter section, depending on material, load capacity, and customization options. OverviewLadder-type cable trays, commonly used for supporting power, data, and communication cables, are available in galvanized steel, stainless steel, and aluminum. Standard lengths are usually 3 meters, with some suppliers offering 6-meter sections for larger installations.

The trays feature rungs spaced at 250 mm and are designed to support heavy loads while allowing airflow to prevent overheating.

Price Factors

Material: Sendzimir galvanized steel: Most common, suitable for industrial and office environments, generally 500–1,200 SEK per 3 m section. Stainless steel (304/316): Higher corrosion resistance, suitable for harsh environments, typically 1,500–2,500 SEK per 3 m section. Aluminum: Lightweight and corrosion-resistant, often priced similarly to stainless steel depending on load capacity.

Load Capacity and Design: Standard trays support moderate loads, while heavy-duty trays for industrial applications cost more. Customizations, such as wider trays, special coatings, or integrated accessories, increase the price. Accessories and Fittings: Elbows, tees, brackets, and mounting kits are sold separately and can add 100–500 SEK per piece depending on size and material.

Suppliers in Sweden

Ahlsell: Offers ladder-type cable trays in galvanized steel with standard and extended lengths, suitable for offices, schools, and industrial environments. Nordic Wire Tray (X-Tray): Provides customizable trays with premium features, including long bracket distances and high load capacity, with fast delivery options. For exact pricing, it is recommended to contact suppliers directly or request a quote online, as prices vary based on quantity, material, and project-specific requirements.

Summary

Typical price range: 500–2,500 SEK per 3-meter sectionMaterial options: Galvanized steel, stainless steel, aluminumAccessories: Sold separately, 100–500 SEK eachSuppliers: Ahlsell, Nordic Wire Tray This provides a practical guide for budgeting ladder-type cable trays in Sweden while allowing flexibility for project-specific needs.
