Uruguay electrical distribution box safety enclosure manufacturer

Overview

Design, manufacturing, and customization of plastic boxes and enclosures for electronic devices, offering tailored solutions for sectors such as medicine, IoT, Industry 4.0, and automation, with...

Key Takeaways

Key suppliers of electrical enclosures in Uruguay include Procuratio, Anixter Uruguay, and global manufacturers with local distribution networks.

Local Suppliers

Procuratio is a Uruguay-based company specializing in the planning, sourcing, and delivery of electrical components, including enclosures for distribution boxes. They maintain a network of top component providers and can source both standard and custom solutions to meet project requirements in terms of quality, cost, and delivery time (Procuratio). Anixter Uruguay offers a wide range of industrial electrical enclosures suitable for harsh environments.

Their products include NEMA-rated enclosures such as NEMA 1, 3/3R, 4, 4X, and 12, which are designed for reliable performance in extreme conditions. They provide both wall-mounted and freestanding options for electrical distribution and control applications (Anixter Uruguay). International Manufacturers with Local AccessWhile not based in Uruguay, companies like ETA Enclosures and Rosslyn Enclosures provide high-quality electrical enclosures and may supply products to Uruguay through distributors.

ET

A offers custom and standard enclosures, including wall-mounted, freestanding, modular cabinets, junction boxes, and thermal management solutions, ensuring protection for electrical equipment in demanding environments (ETA Enclosures). Rosslyn Enclosures specializes in mini substations, distribution transformers, and custom enclosures for industrial and commercial sectors (Rosslyn Enclosures).

Market Insights

The Uruguay electrical enclosure market is actively monitored for trends, growth drivers, and emerging needs. Companies seeking enclosures can benefit from market intelligence to identify suppliers offering the right combination of customization, compliance, and durability (6Wresearch).

Recommendations

For local sourcing and rapid delivery, Procuratio and Anixter Uruguay are the most direct options. For custom or specialized enclosures, consider contacting international manufacturers like ETA or Rosslyn, who can provide tailored solutions. Ensure that enclosures meet safety standards such as NEMA or IP ratings appropriate for your installation environment.

These suppliers collectively cover a wide range of electrical distribution box safety enclosures suitable for industrial, commercial, and utility applications in Uruguay.
