Where can I find quotes for fiber optic splice boxes

Overview

Find reliable splice boxes for fiber optic networks. Durable, waterproof, and available in various sizes. Perfect for FTTH and other optical communications.

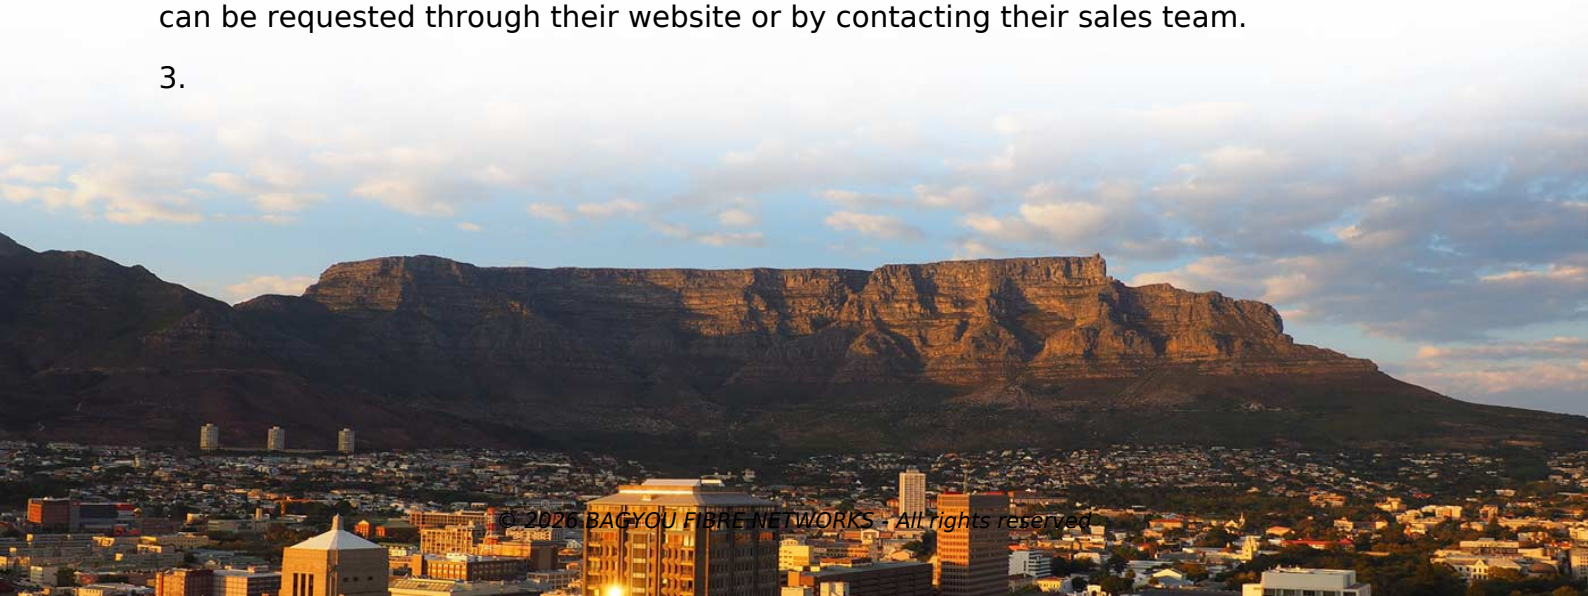

Key Takeaways

You can obtain quotes for fiber optic splice boxes from specialized distributors and online shops such as EFB-Elektronik, Phoenix Contact, LAPP, ShopFiber24, and EKS. Recommended Sources1. EFB-Elektronik EFB-Elektronik offers a wide range of fiber optic splice boxes, including pre-assembled and customizable options.

They provide both indoor and outdoor enclosures, with support for various connector types like LC, SC, E2000®, and ST. You can request quotes directly through their online shop or by contacting a personal sales representative for technical consultation and customized solutions. 2.

Phoenix Contact Phoenix Contact provides compact, rail-mountable splice boxes suitable for DIN rail or 19" cabinet installations. Their products are designed for reliable real-time data transmission and come in IP20-rated metal housings. Quotes can be requested through their website or by contacting their sales team.

3.

LAPP Online Shop LAP

P offers splice boxes that protect spliced fibers and allow easy maintenance and repair. Their online shop provides detailed product listings, and you can request pricing or quotes directly for the specific splice box models you need. 4.

ShopFiber24 ShopFiber24 stocks wall-mounted and in-house splice boxes for indoor and outdoor use. They provide mounting accessories and support different adaptors. Quotes and orders can be placed conveniently online.

5.

EKS Fiber Optic EK

S specializes in industrial-grade 19" rack splitter boxes, such as the FP-19, which can accommodate up to 48 fibers. These boxes include all necessary components for installation and support multiple adapter types (ST, SC, LC, E-2000). You can request quotes for these robust solutions directly from their website.

Tips for Requesting Quotes

Specify the type of splice box (wall-mounted, rack-mounted, indoor/outdoor, industrial). Indicate the number of fibers and connector types required. Ask about pre-assembled vs. unassembled options and any customization needs.

Compare delivery times, warranty, and technical support offered by each supplier. By contacting these distributors, you can obtain detailed quotes tailored to your project requirements and ensure compatibility with your fiber optic network setup.
